Off we go into the wild blue yonder, climbing high into the sun. Here they come, zooming to meet our thunder, pass them boys, give her the gun, give her the gun now. Down we dive spotting our plane from under, off with one terrible roar, we live in fame or go down in flames, boys, nothing will stop the Army Air Corps.

Off we go into the wild sky yonder, keep the wings level and true. If you live to be a gray haired wonder, keep the nose out of the blue, out of the blue now. Flying men guarding our nation's border, we'll be there followed by more, in echelon we carry on, boy, nothing will stop the Army Air Corps.
